★ GRANDVIEW DRIVE BRIDGE OVER CROOKED CREEK MAINTENANCE

RebuildIndy is Mayor Greg Ballard's initiative to transform the city through investment in infrastructure improvements to restore deteriorating thoroughfares, residential streets, sidewalks and bridges, as well as address neighborhood drainage and flooding issues and demolish unsalvageable abandoned homes that pose a public safety threat to neighborhoods.

These construction projects will create local jobs and ultimately increase public safety for neighborhoods and residents, which supports Mayor Ballard's commitment to make Indianapolis a more livable city.

★ PROJECT SCOPE

The Indianapolis Department of Public Works has replaced the existing Grandview Drive Bridge over Crooked Creek. The three-span bridge on Indianapolis' northwest side was originally built in 1966 and has never been repaired or rehabilitated.

The bridge was classified as structurally deficient. The existing structure was in poor condition, displaying spalling and cracking. The guardrail was detached in the northeast quadrant, and the bridge deck and approach driving surfaces were in poor condition with cracks and small potholes. In addition, the bridge was too narrow for two lanes of traffic.

As part of the project improvements, the existing bridge superstructure portion of the bridge above the

PROJECT DETAILS

PROJECT STATUS: Complete

CONSTRUCTION PERIOD: March 2012 to August 2012

PROJECT COST: \$980,257

DESIGN ENGINEER: Butler Fairman & Seufert

PROJECT BENEFITS:

- Improved connectivity
- Improved safety of the traveling public

bearings was replaced. In addition, approximately 75 square feet of concrete repair was done to the existing substructure columns. The bridge was widened to 40 feet to better accommodate two lanes of traffic.

The project began in March 2012 and was completed by August 2012. Grandview Drive at the bridge was closed during construction. The detour route was 71st Street/Westlane Road to Michigan Road to Kessler Blvd.
